Since 1947, Haskell earned a reputation for building quality steel office furniture. Based in Pittsburgh, PA. Haskell became a nationally recognized brand with widespread distribution, appearing in commercial and government projects from classrooms to naval ships and even the White House Press Room. Today, the company still has an office in Pittsburgh and builds the strongest filing, storage, and desking solutions in the industry. Furthermore, Haskell is continuously designing, testing, and improving new products, like the Assemble tables introduced in 2011, for a wider range of specialized applications from elementary schools to commercial settings. While remaining true to the fundamental quality synonymous with the Haskell name, they are building a fuller, broader line with customizable, designer solutions to meet the needs of today's market. Haskell believes in providing an outstanding customer experience and look forward to serving every customer who calls On Us.
